### **Have your say on how the NHS should improve in Shropshire, Telford & Wrekin**

People keen to influence the future of the NHS in Shropshire, Telford & Wrekin are being encouraged to make their views known. The NHS is developing a local plan and needs your help. With growing pressures on the NHS – an ageing population, more people living longer with long-term conditions, and lifestyle choices affecting people's health – changes are needed to make sure everyone gets the support they need.

The Government is investing £20 billion a year in the NHS and nationally has developed the NHS Long Term Plan. This Plan sets out all the things it wants health services to do better for people across the country. Now your local NHS needs to hear from you about what those changes should look like in our community.

Independent health and care champions Healthwatch Shropshire and Healthwatch Telford & Wrekin are launching a new campaign 'What would you do?' to encourage people to share their views with our local Sustainability and Transformation Partnership.

The public are being asked for their views in two surveys; one about how services for cancer, mental health conditions, heart and lung diseases, long-term conditions, such as diabetes and arthritis, learning disabilities, autism, and dementia could be improved. In the other they will also be asked to share their ideas on how people can live healthier lives and what improvements would make it easier for people to take control of their own health and wellbeing.

Details of both surveys can be found here:
