CLIMATE CHANGE – HOW YOU CAN HELP

Climate change produced by the emission of greenhouse gases, such as carbon dioxide, is acknowledged as a major threat to our future. Although government action at national and international levels is needed to tackle this, we can all play a part in helping. One simple action you can take is to switch to a supplier of 100% green electricity. As the Village Hall found a few years ago when we switched from one of the Big Six suppliers, this can also save you money!

100% green tariffs are offered by several companies that have received good reviews for customer service. The longest established are Ecotricity (ecotricity.co.uk) and Good Energy (goodenergy.co.uk), both of which also generate green electricity. Most of the others are relatively new, including: Bulb Energy (bulb.co.uk), Green Energy (greenenergyuk.com), Octopus Energy (octopus.energy), So Energy (so.energy) and Tonik Energy (tonikenergy.com). They all allow you to get quotes and switch online. Some offer financial incentives for referrals. [*Village Hall has no financial interest*]

Secretary to St Mary's Caynham PCC

Join us! We would be delighted to hear from anyone who would be interested in joining us on St Mary's Parochial Church Council as Secretary. The role requires the taking of minutes at PCC meetings (as well as taking part in the meetings) and the Annual Parochial Church Meeting (total about six meetings a year) and distributing the agenda and PCC minutes to other members in readiness for the PCC meetings. There is also some admin on the PCC's behalf involving the Hereford Diocese. An enjoyable and interesting role supporting St Mary's as part of Caynham Village.

If you are interested please contact Stephen Ashford (Churchwarden) - 01584 874402 (sjashford@hotmail.com).
