

TESCO Bags of Help

Grant funding scheme.

Caynham Village Hall is in the customer vote for a "Bags of Help" grant from Tesco. It's a scheme which awards three community projects like ours grants of up to £4,000 – all raised from the sale of carrier bags in Tesco stores.

The public will vote in store during September and October to choose the order in which the three projects should receive the awards.

Please support us in our local store!

Our community project is **Caynham Village Hall Improvement**, and we asked for £2,537 for new centrally-controlled heaters and replacements for all the old wooden windows in the kitchen and along the back wall.

YOU CAN HELP US WIN ... by visiting the Ludlow store, making a purchase, and **voting for Caynham Village Hall** with the token you'll be given.

You can vote every time you make a purchase during September and October. Please also tell your friends and ask them to vote for us.

If we are voted first, we will get the full £2,537 we asked for. We'll get £2,000 if we come second. The minimum we will receive is £1,000, if we are voted third.

This is great news, because whatever we receive will take us nearer to completing the full refurbishment of the Hall, to help preserve it and make it warm and comfortable (and much more environmentally friendly) for everyone to use for many years in the future.

Our thanks in advance for your support,

David Faulkner, Committee Chairman.
